

MINISTRY OF EDUCATION, CULTURE, SPORTS, SCIENCE AND TECHNOLOGY-JAPAN

The “Dissemination of Japanese-style Education Using Public-Private Collaborative Platforms (EDU-Port Japan Project)” will be presented at the EDUCA 2017 Education Expo (Bangkok, Thailand).

What is EDUCA?

EDUCA is an education expo focusing mainly on developing teachers’ capabilities. Leading education researchers and experts will give seminars, and education-related companies will exhibit their materials and products.

- Period: October 16-18, 2017
- Venue: IMPACT Convention Center (Bangkok)
- Theme: “Education 1.0, 2.0, 3.0, 4.0: From Policy to Classroom”
- Sponsors: Ministry of Education of Thailand, Bureau of Basic Education; Chulalongkorn University, Faculty of Education; Thammasat University, Faculty of Education; Khon Kaen University, Faculty of Education; Pico (Thailand) Public Company Ltd.
- EDUCA URL: <http://www.educathai.com/>

Details of EDU-Port Japan Project’s presentations at EDUCA on back.

Japan's presentations at EDUCA

Why is Japanese children's basic academic ability so high? How is their cooperative attitude formed and fostered? As exemplified by the keywords *chi*, *toku*, and *tai*, Japanese education is holistic. At the Japan Special Seminar and the Japan Pavilion, the answers to these questions about education in Japan will be revealed from the aspects of curriculum, teacher education, classroom practices, and learning support services.
